ABOUT

We are going through the most significant shift in legal innovation since 2015.

From generative AI promising new capabilities that even a year ago were seen as impossible, to clients now under economic pressure looking at ALSPs and contract management technology not just as options, but as fundamental to their legal team's ability to achieve their goals, to law firm innovation teams getting to grips with data science like never before.

So much is happening, so much is changing, how can you keep up with the latest thinking and innovation practices, the latest product offerings, and the latest capabilities that law firms and ALSPs are now providing? **There's one answer: come along to Legal Innovators, where the leaders of legal innovation come together!**

Get involved now and don't miss out on an opportunity to be part of the conversation that is shaping the future of the legal profession, in the USA and around the world.

RICHARD TROMANS, *Founder, Artificial Lawyer*

2024'S DISTINGUISHED SPEAKERS INCLUDE:

ILONA LOGVINOVA

Director of Practice Innovation

Cleary Gottlieb Steen & Hamilton LLP

DAVID WANG

Chief Innovation Officer

Wilson Sonsini Goodrich & Rosati

DR. MEGAN MA

Associate Director

Stanford Center for Legal Informatics (CodeX)

JOSH ROSENZWEIG

Senior Director of Digital Transformation and User Experience

Morgan Lewis & Bockius LLP

STEVE GONG

Patent Counsel, Head of Data Science, PMO, Technology and Operations

Driving Profitability With GenAI: From Productivity to Tangible Gains:

- Trace the evolution of Generative AI in law firms since its adoption in early 2023, examining its impact on productivity and profitability.

- Explore how law firms are leveraging LLMs to deliver measurable benefits, whether through direct financial returns or indirect value such as client satisfaction and workflow efficiency.

- Delve into whether GenAI's advancements are driving fundamental changes in law firm operations and what strategies firms can adopt to maximize its potential.

Disputes in the Age of AI: Transforming Processes and Outcomes:

- Trace the integration of GenAI into disputes work, from eDiscovery and arbitration analysis to case law research, and its impact on traditional processes.

- Explore the ways AI is reshaping dispute resolution, including predictive litigation tools, accelerated case analysis, and innovations in Alternative Dispute Resolution (ADR).

- Delve into the challenges of using GenAI in disputes, including ethical concerns and the need for transparency, and consider what the future holds for AI-driven disputes work.

For Innovation Teams: Redefining Success in 2025:

- Trace the growing responsibilities of legal innovation teams as they navigate rising lawyer expectations and a flood of new technologies like GenAI.

- Explore best practices for running Proofs of Concept (POCs), managing technology rollouts, and ensuring new tools deliver measurable value for law firms.

- Delve into strategies for defining and measuring success, focusing on efficiency gains, profitability, and enhanced client service outcomes.

8:30 - 9:30   **Registration and Breakfast**

9:30 - 9:35   **Chair's Opening Remarks**

Richard Tromans, **Founder,** *Artificial Lawyer*

09:35 - 9:55   **Industry Keynote:** **Managing Skill Adoption in Law Firms**

- As new technologies like AI continue to reshape the legal industry, law firms face the challenge of fostering skill adoption across diverse teams.
- Explore strategies for encouraging innovation within law firms while ensuring compliance and managing associated risks.
- Learn how to create a culture of continuous learning which equips teams with the skills they need to succeed and balances embracing innovation and maintaining the rigorous standards of the legal profession.

9:55 - 10:15   **Keynote Presentation**

10:15- 11:05   PANEL | **Driving Profitability With GenAI**

- As of the summer of 2025, legal GenAI has been transforming the industry for over two and a half years, with large language models delivering remarkable productivity gains.
- Explore the significant advancements made in recent years and the tangible benefits law firms are experiencing.
- Discover how firms are implementing this technology in innovative ways and uncover the measurable results for their employees and clients.

11:05 - 11:50   **Coffee + Networking Break / Product Demo**

11:50- 12:05   **Standalone Presentation**

12:05- 12:30   **Fireside Chat:** **Measuring Time in a GenAI World – Tracking, AFAs, and Beyond**

- Consider whether the integration of GenAI in law firms is challenging traditional methods of tracking time and billing methods.
- Discuss the potential shift away from hourly rates to value-based pricing and what this could mean for client pricing structures.

12:30- 12:55   **Fireside Chat**

12:55- 13:55   **Networking Lunch**

13:55- 14:15   **Industry Presentation:** **AI as More Than an Assistant: The Advent of Agentic AI**

14:15-15:05   PANEL | **Disputes in the Age of AI**

- GenAI is rapidly transforming the landscape of disputes work, revolutionizing processes across eDiscovery, arbitration analysis, case law research, and beyond.
- Examine how AI-powered tools are reshaping the way disputes are managed today, enhancing efficiency, accuracy, and strategic decision-making.
- Explore the key advancements that have already taken hold, their impact on legal workflows, and what the future holds as AI continues to evolve.

15:05- 15:20   **Standalone Presentation**

15:20-16:00   **Coffee + Networking Break / Product Demo**

16:00- 16:15   **Standalone Presentation**

16:15-17:05   PANEL | **Defining Success for Innovation Teams**

- As new technologies continue to reshape the legal industry, innovation teams are under increasing pressure to deliver results and meet rising lawyer expectations.
- Examine what effective implementation looks like in practice with strategies for managing proofs of concept and measuring the tangible benefits of a legal tech product roll-out.
- Learn how leading teams are driving adoption, demonstrating value, and achieving measurable outcomes, with a particular focus on emerging tools including GenAI.

17:05- 17:20   **Standalone Presentation**

17:20-17:30   **Pitch One**

17:30-17:40   **Pitch Two**

17:40-17:50   **Pitch Three**

17:50-17:55   **Chair's Closing Remarks**

   Richard Tromans, Founder, *Artificial Lawyer*

17:55- 19:10   **Drinks Reception**

How Has GenAI Changed the CLM Landscape? From Implementation to Maturity:

- Trace the evolution of Contract Lifecycle Management (CLM) platforms as they integrate Generative AI, exploring whether these tools have become easier to implement and deliver more value than before.

- Examine how GenAI-enhanced CLM solutions are transforming workflows for in-house legal teams, and whether this technology has brought the platforms to maturity.

- Delve into the implications for in-house teams and their internal clients, focusing on improved efficiency, standardization, and strategic impact.

Doing More In-House With Generative AI: Redefining the Balance:

- Trace the impact of Generative AI on the distribution of work between in-house teams and external advisers, assessing whether more work is staying in-house.

- Explore how in-house teams are using GenAI to triage legal tasks, enable self-serve solutions for internal clients, and adapt their approach to ALSPs as these providers adopt AI technology.

- Delve into the strategic considerations for balancing internal capabilities with external expertise in the AI-driven era.

Building the Perfect In-House Tech Stack: Tools for Today and Tomorrow:

- Trace the evolution of the ideal in-house legal tech stack, identifying the essential tools needed to meet current demands and the role of Generative AI within it.

- Explore the key goals, KPIs, and budgeting strategies for implementing a cohesive tech stack, including considerations beyond CLM and how to justify investments to budget holders.

- Delve into strategies for measuring the success of your tech stack, ensuring ROI, and proving the long-term value of your technology investments.

AGENDA

8:30 - 9:30 **Registration and Breakfast**

9:30 - 9:35 **Chair's Opening Remarks**

Richard Tromans, **Founder,** *Artificial Lawyer*

09:35 - 9:55 **Industry Keynote: AI Policy and Regulations**

9:55 - 10:15 **Keynote Presentation**

10:15- 11:05 PANEL | **The Advent of GenAI in the CLM Landscape**

- Explore whether these powerful tools have become easier to implement over time and whether the integration of AI has helped in-house teams get more out of these platforms.
- Understand the advanced capabilities of CLM platforms as they come of age and what this means in house teams and their clients.

11:05 - 11:50 **Coffee + Networking Break / Product Demo**

11:50- 12:05 **Standalone Presentation**

12:05- 12:30 **Fireside Chat**

12:30- 12:55 **Fireside Chat**

12:55- 13:55 **Networking Lunch**

13:55- 14:15 **Keynote Presentation: Legal Operations Optimisation**

14:15-15:05 PANEL | **Doing More Inhouse With Generative AI**

- Explore whether GenAI has allowed legal teams to recover and retain more work in-house or if the balance is the same as it was.
- Uncover strategies used to triage what needs to go out to external advisers in the age of AI and what can be done on a self-serve basis now for internal
- Discuss whether ALSPs' adoption of new AI technology has influenced the way in-house teams approach these service providers, especially in the area of contract management.

15:05- 15:20   **Standalone Presentation**

15:20-16:00   **Coffee + Networking Break / Product Demo**

16:00- 16:15   **Standalone Presentation**

16:15-17:05   PANEL | **Building the Perfect Inhouse Tech Stack**

- Create the ideal in-house legal tech stack that includes thoughtful mix of tools that drive efficiency, meet business goals, and deliver measurable value.
- Discover what the ideal setup looks like for your organization and learn strategies for setting clear KPIs, securing buy-in from budget holders, and demonstrating the ROI of your investments.

17:05- 17:20   **Standalone Presentation**

17:20-17:30   **Pitch One**

17:30-17:40   **Pitch Two**

17:40-17:50   **Pitch Three**

17:50-17:55   **Chair's Closing Remarks**

Richard Tromans, Founder, *Artificial Lawyer*

17:55- 19:10   **Drinks Reception**
